LIMITED WARRANTY

Adesso® provides a one year limited warranty for all of its products against defects in materials and workmanship.

During this period, Adesso® will repair or replace any product which proves to be defective. However, Adesso® will not warrant any product which has been subject to improper handling, abuse, negligence, improper installation or unauthorized repair. The warranty will not cover products installed with components not approved by Adesso® and products where the sealed assembly trace has been broken.

If you discover a defect, Adesso® will, at its option, repair or replace the product free of charge, provided you return it during the warranty period with freight charges pre-paid to Adesso®. Before returning any product, you must obtain a Return Merchandise Authorization number (RMA). This RMA # must be clearly marked on the outside of the package you are returning for warranty service. Be certain to also include your name, shipping address (no PO Boxes), telephone number, and a copy of the invoice showing proof of purchase in the package.

INTRODUCTION

The Adesso WKB-6010UB spill resistant 18-key keypad is the keypad that you deserve to have for many reason. To begin with, it is wireless, eliminating any unecessary wires and keep your working station neat and organized. It is also extremely compact and lightweight which makes it portable. Its membrane key switch also provides a quiet typing experience that lasts up to five million keystrokes. Perhaps the greatest feature that the WKB-601UB has is that it is spill resistant. The structural design of the casing is meant for fluids to exit out of the unit in case of accidental spills. Next time when you accidently spill drinks while using your numeric kepad you can be assured those fluids will not trap inside the keypad.
