DESCRIPTION

④

LIMITED WARRANTY

Adesso provides a one year limited warranty for all of its products against defects in material and workmanship.

During this period, Adesso will repair or replace any product which proves to be defective. However, Adesso will not warranty any product which has been subject to improper freight handling, shipping abuse, neglect, improper installation or unauthorized repair. The warranty will not cover products installed with components not approved by Adesso and products where the sealed assembly trace has been broken.

If you discover a defect, Adesso will, at its option, repair or replace the product at no charge to you provided you return it during the warranty period with freight charges pre-paid to Adesso. Before returning any product, you must obtain a Return Merchandise Authorization number (RMA). This RMA # must be clearly marked on the outside of the package you are returning for warranty service. Be certain to also include your name, shipping address (no PO Boxes), telephone number, and a copy of the invoice showing proof of purchase in the package.

INSTALLATION

1. Make sure your computer is turned off before you plug in your iMouse W3

2. Plug the USB cable into an available USB port on your computer as shown.

⑤

INTRODUCTION

The Adesso® iMouse W3 Waterproof Mouse with Magnetic Scroll Wheel is the ideal pointing device for the industrial, medical and maritime industries because it is 100% waterproof and offers unique washing capabilities to eliminate germs and bacteria. The mouse also provides a unique scroll wheel design with 4 internal built-in magnets to prevent open spaces and add air-tight gaps which prevent any moisture or liquids accidentally getting inside the mouse. Finally, the optical sensor technology keeps the device precisely on point and lets you work on most of glass, wood, marble and leather surfaces without the need a mouse pad.

③

3. Turn On your computer and your operating system will detect the device automatically. This device is plug and play, and no driver is required.

NOTE:

- This is a waterproof mouse, which means it can be submerged in water for up to 30 min in water as high as 3 feet deep so going beyond this amount of time or submerging in deeper water is not recommended.
- When cleaning your product, in order to preserve the color, and smoothness of the iMouse W3's outer shell, it is recommended that either water or dish soap be put on a damp cloth for cleaning as opposed to soaking it in stronger cleaning chemicals such as ammonia or using rubbing alcohol.
