

AKB-135EBG3

3-Color Illuminated Multimedia Gaming Keyboard & Mouse Combo

www.adesso.com

Product

The Adesso® AKB-135EBG3 3 color illuminated Multimedia Gaming Keyboard and mouse combo is a great choice for gamers who want gaming features without breaking the bank. The 3 illuminated colors will suit the mood of every game you play and allow you to see the keys clearly. Switch easily between red, blue or green with one press of a key! When you are not gaming, the keyboard's Hotkeys provide quick access to your media player controls, Internet browser and other computer applications. The AKB-135EB keyboard is also spill resistant, and it is designed to protect against minor accidental splashes and spills. The G3 illuminated gaming mouse is designed with an enhanced optical sensor which provides better speed and accuracy. It features two distinct levels of DPI resolution for users to choose from 800 DPI to 1600 DPI with 3000 fps of frame rate in just one single touch. This mouse is ideal for all purpose with its precise targeting, quick response, and fast maneuvers.

3 Color (RGB) Illuminated Backlit Keyboard

The Illuminated Backlit Keyboard lets you choose your backlit color with one hit key press and easily adjust brightness up or down to suit your personal preference and mood. The gentle illumination allows you to work comfortably, day or night, while easing eye strain. See the correct keys in any lighting environment!

DPI Switching

Enables you to experience new levels of gaming excellence! Featuring a Green, Blue and Red 3 color illuminated lighting with 800, 1200, 1600 and 2400 DPI for playing or working in dark environments where every second and measure of precision makes a big difference in winning or losing a game or putting a precise dimension into a parametric drawing!

Enhanced Optical Sensor

The Gaming Mouse's Optical sensor technology keeps the device precisely on point and lets you work on most of glass, wood, marble, and leather surfaces without needing a mouse pad.

Multimedia Controls

Control your media player with just one touch using the built-in Multimedia Hotkeys on your gaming keyboard for easy access to your favorite video or music playlist.
