The Adesso Win-Touch Pro Keyboard features a built-in touchpad with Glidepoint Technology that provides you with great cursor control. The touchpad eliminates the need for a mouse, making it easier than ever to control your PC from one location -- your keyboard! The keyboard features quiet tactile keys and a molded wrist rest that supports your palms while typing. This keyboard also features 9 hotkeys that launch some of your most used Internet applications and multimedia tools - all with the touch of one button.

■ **Built-In Touchpad**

The Win-Touch Pro Keyboard built-in touchpad eliminates the need for a mouse and saves valuable desk space. The Glidepoint® Touchpad puts computer control at your fingertips. Navigate, scroll, zoom, access files and enter data all with just a light touch of the finger.

■ **Wrist Support**

The keyboard's molded wrist rest provides extra comfort and support while typing. The built-in touchpad is also conveniently located in the center of wrist rest so minimal arm movement is needed to control cursor.

■ **Multimedia & Internet Hotkeys**

The built-in hotkeys allow users to connect directly to their media player and popular Internet applications. With a single touch users can surf the Web, navigate music and video clips, and start many frequently used Internet applications
