

SlimMedia Pro Keyboard with Built-In Card Reader and USB 2.0 Hub

The Adesso SlimMedia Pro Keyboard is a new innovative keyboard with a built-in card reader/writer, 2-port USB 2.0 hub, and Internet and Multimedia Hotkeys. The integrated SD/MMC/MS Pro card reader/writer is ideal for transferring files and images to and from your computer. The hi-speed 2-port USB 2.0 hub provides a 480 MBPS data transfer rate and is ideal for USB devices such as a mouse, joystick, tablet, flash drive or digital camera. The built-in Internet Hotkeys boost your productivity with the scroll up, scroll down, back, forward, homepage and email hotkeys. The Multimedia Hotkeys allows users instant access to their media player tools, so music and video management is quick and simple. This keyboard also offers a slim design and integrated wrist rest for ultimate comfort, without the need of a wrist pad.

■ Integrated Data Card Reader/Writer Slot

The integrated card reader/writer for SD/MMC/MS Pro allows users to transfer files and images to and from your card to your computer.

■ Two Additional Built-In USB Ports

The integrated hi-speed USB 2.0 hub provides a 480 MBPS data transfer rate and it features a 500mA power current. The easily accessible 2-port USB hub makes connecting to your mouse, joystick, tablet, flash drive and digital camera a breeze.

■ Multimedia and Internet Hotkeys

The built-in hotkeys allow users to connect directly to the Internet or their media player. With a single touch users can surf the Web, navigate music and video clips, and start many frequently used Windows programs.

■ Slim and Comfortable Design

The Adesso SlimMedia Pro Keyboard was designed with an attractive two-tone slim design to add style to any setting. This keyboard also provides users with a integrated wrist rest for a comfortable typing experience.
