

# Washable Desktop Keyboard

The Adesso Washable Desktop Keyboard is an advanced technological keyboard solution designed to withstand spills and water, while offering great style and functionality. Worrying about coffee, milk, water and other liquid spills on your keyboard is now a thing of the past because now with this keyboard you can simply rinse or wash keyboard thoroughly after a spill and your keyboard is ready to use - no damage. The keyboard also comes fully equipped with Multimedia and Internet Hotkeys for your most used applications. This keyboard is great for all environments including public workstations because of its durability and disinfecting offerings.

### ■ Washable and Spill-Proof

Circuit boards and thin film circuits are used to provide a sealed waterproof design. Keyboard can be used on watery surfaces without the fear of damage.

### ■ Multimedia & Internet Hotkeys

The built-in hotkeys allow users to connect directly to the Internet or their media player with a single touch; users can surf the Web, navigate music and video clips, and start many frequently used Windows programs.

### ■ Membrane Keys Offer Fast Typing and a Long Lifecycle

The membrane keys offer you fast typing and a lifecycle of more than five million keystrokes.
