The Adesso CyberTablet W10 is an advanced wireless precision tool that offers both PC and Mac users superior cursor control, greater productivity and higher efficiency, without the hassle of wires. Along with 30 feet of wireless freedom, the CyberTablet W10 also features eight programmable hot keys that provide various shortcuts to commonly used computer tasks, a large working area of 8" x 5", auto sleep mode to save your battery life and 1024 pressure sensitivity levels to easily create complex drawings with minimal hand strain. This wireless graphic tablet is ideal for document annotation, free hand illustrations, graphic design, whiteboard presentations and for overall cursor control. The CyberTablet W10 also includes bundled software so you can draw, edit photos, annotate and mark up documents using MS Office, program pen shortcuts, create digital signatures, create handwritten emails and capture screenshots. Work like a pro and discover all the benefits the CyberTablet W10 has to offer today!

■ 2.4 GHz Radio Frequency Wireless Technology
With 2.4 GHz RF wireless technology you can enjoy working at any angle and at a distance of up to 30 feet.

■ Accurate and Sensitive Response
The CyberTablet W10 offers 4,000 LPI resolution and 200 RPS report rate, providing a quick response with minimal hand strain.

■ Wide Working Area
Enjoy a 8" x 5" working area that automatically adjusts to your wide screen monitor and provides you with a spacious drawing area, so you can control every detail.

■ Programmable Hot Keys
Eight hot keys give you quick access to open, cut, paste, save, undo, redo, and print. You also have the flexibility to program these keys to any other commonly used tasks.

■ Enhanced Drawing Capability
With the included ArtRage 2.6 software you have the freedom to draw freehand on a digital artboard, providing you with an unlimited amount of creative possibilities.

■ Photo Editing
The included ArcSoft® PhotoStudio™ 6 photo editing software makes it easy to touch up pictures, delete unwanted elements or apply incredible effects, to make your pictures extraordinary.

■ Mark Up, Sign Document & More
Instantly make notes to your electronic documents, create digital signatures or create handwritten documents.

■ Interactive Presentations & Lectures
Take control of your presentations and lectures from anywhere in the room, control powerpoints, make notes, interact with audience and much more!

Bundled Software

ArtRage 2.6 Drawing Software

With ArtRage 2.6 you can paint with oils, sketch with pencils, sprinkle sparkling glitter and much more. ArtRage 2.6 also offers Layers, Layer Groups and Layer Blend Modes for advanced designers.

Painting Tools
Many of the tools can be adjusted to give different effects. You can paint with thinned oils, use wet or dry markers, soften your pencil, control the hardness of the crayon and much more.

Stencils and Rulers
Stencils and rulers let you make precise shapes and lines while still painting freehand. Place down as many stencils as you like, then paint over them and the paint will only be inserted in stencil design areas.

Tracing Images and References
ArtRage 2.6 makes it easy to recreate photos or other images using its tracing features. Load a tracing image to your canvas and use it as a guide while you sketch and paint.

Metallics
The Metallic Paint option let's you work with blendable gold and silver metallic oil paints, sparkling glitter, silver leaf sprays and much more. Any of the ArtRage 2.6 tools can be switched to Metallic mode for a wide range of effects.

PhotoStudio™ 6 Photo Editing Software

ArcSoft PhotoStudio 6 is a powerful image editing application with new features to help you enhance, manage, print, and get creative with your digital photos.

Advanced Photo Editing Tools
PhotoStudio 6 offers an array of advanced editing tools, including Simple Selection, Photo Cloning, Multi-Layer Support, Brush and Stamp, Text Layer, Transform, and Print.

Face Beautify
Face Beautify reduces blemishes on the face such as wrinkles, moles, spots, and freckles. It also adjusts face color, brightens eyes, removes red-eye, whitens & repairs teeth, adds color to lips, and so on.

Magic-Cut Quickly Extracts
Magic-cut extracts an object in only three steps: Define the object and background, fine-tune the edges, and cut it out. Then you can paste the object into any background.

Creative Photo Filters
PhotoStudio 6 offers more than 40 filters including Oil Painting, Watercolor, Charcoal, Wet brush, Pastel, Impressionistic, Neon Edges, Bulge, Pinch, Stretch, Magic Mirror, Mosaic, Splash, Texture, Cool, Moonlight, Solarization, Exposure, Wind, Frost, and more.
