

# CyberTrack V10 2.4GHz Wireless Webcam

www.adesso.com

Adesso's CyberTrack V10 2.4 GHz Wireless Webcam takes the webcam design to a new level, giving you up to 10 feet of wireless freedom. Enjoy video chats, video recording and broadcasting from anywhere in your room, cord free! This webcam offers broad Instant Messenger compatibility, so you can easily video conference with today's most popular Instant Messenger applications. The webcam design includes an integrated wide-angle microphone that ensures your voice is heard loud and clear every time —it's like being in the same room with the other person! In addition to all these great features, your CyberTrack V10 includes Webcam Companion 4 software that lets you work like a social media professional, take snapshots, create 3D videos, edit videos, add frames to images and instantly share on popular social media sites with the click of a button.

**2.4 GHz RF Wireless Technology**

**Instant Messenger Compatibility**

**Built-In Microphone**

### ■ 2.4 GHz RF Wireless Technology

2.4 GHz RF (radio frequency) wireless technology allows you to work up to 10 feet from receiver without the hassle of cords or cables.

### ■ 300K Pixels CMOS Sensor with up to 1.3 MP Image Resolution

A true 300K pixels sensor provides crisp, colorful VGA quality video at a maximum resolution of 1.3 Megapixels (within 5 ft.). Every video call and captured photo will look sharp and clear.

### ■ Built-In Microphone

The built-in microphone provides you with remarkable clarity, to ensure every conversation is heard without the hassle of a headset.

### ■ Image & Video Editing Software

Use the included ArcSoft® WebCam Companion 4 software to enhance your CyberTrack V10 features. This software lets you create 3D videos, take snapshots, add frames to images, create masques, and much more!
