ADESSO

EZScan 310 - 1200 DPI WiFi Handheld Scanner

www.adesso.com

Whether you are out of the office or a business trip, Adesso's EZScan 310 lets you scan anything, anywhere. It is designed to instantly transfer information to your computer via a USB cord and can also run on batteries and a Micro SD card (up to 32GB) that lets you scan with absolute freedom and stores your scan for future use. The EZScan 310 is also equipped an LCD display, WiFi connection, and a high-speed image sensor that lets you quickly scan, archive, and organize anything from business cards and contracts, to photographs with sharp DPI resolutions (1200/600/300 DPI).

■ 1200 DPI Resolution

The EZScan 310 is fully equipped with a high-resolution Contact Image Sensor, letting you scan up to 1200 DPI in high-quality images.

■ 1.5" TFT LCD Color Preview Display

The EZScan 310 has a 1/5" TFT LCD Color Display that previews what you have scanned so you can instantly know what you scanned or if you need to make adjustments.

■ Wireless Scanning and Micro SD Card Storage

The EZScan 310 allows you to scan wirelessly if desired, and lets you store your images in a Micro SD card up to 32GB.

■ Compact & Mobile

The Adesso EZScan 310 is equipped with WiFi so you can use scan images into your smart phone or tablet or anywhere using WiFi internet connection.

■ Compact & Mobile

The Adesso EZScan 310 is lightweight and portable, so you can use on any computer in your home or take with you on the road for additional scanning anywhere. You can scan almost anything with a flat surface such as magazines and books.
