iMouse G10
Wireless Ergonomic Mouse

www.adesso.com

Experience new levels of productivity with the Adesso iMouse G10. This 2.4 GHz Radio Frequency wireless mouse offers you 30 feet of wireless freedom and eliminates the contraints wired mices often cause. Its laser sensor tracking method lets you work on any surface with better speed and accuracy. In addition, the iMouse G10 includes three distinct levels of DPI resolution (800, 1200 & 1600) for precise targeting (800 DPI), quick response (1200 DPI) or fast maneuvers (1600 DPI). Easily switch between these DPI resolutions with the DPI Switch button located on the top of mouse. All these features, along with its ergonomic design, provide great control, response and comfort with minimal handmovement.

■ **2.4 GHz Radio Frequency Wireless Technology**

With 2.4 GHz RF wireless technology you can enjoy working at any angle and at a distance of up to 30 feet.

■ **Advanced Laser Sensor Technology**

The advanced laser sensor technology lets you work on any surface with improved speed, accuracy and reliability than traditional mices.

■ **Adjustable DPI Switch**

Quickly and easily adjust DPI resolution for a faster response with the convenient DPI Switch located at the top of your mouse.
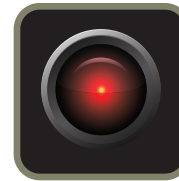

■ **Ergonomic Design**

The iMouse G10 ergonomic design provides a comfort-able grip and eliminates hand strain, while giving great cursor control.

■ **Internet Navigational Buttons**

Two Internet navigational buttons, back and forward, are conveniently located on the left side of mouse to provide you with Internet browser control with minimal hand movement.
