

# KODAK IMOUSE Q80

## WIRELESS MOUSE PRESENTER

## Multifunctional Wireless Mouse Laser Pointer

The Kodak IMOUSE Q80 is a multifunctional wireless mouse presenter. It can operate both as a regular desktop mouse or as a wireless presenter depending on different usage applications. This dual mode design feature provides versatility and convenience by eliminating the need of having both a presenter and a mouse. The built-in motion sensor allows waving the mouse in air and the mouse pointer will move according to the waving motion, enabling you to have computer control from anywhere in the room. It's power laser pointer is bright and easy to see, providing more engagement between you and the audience. Last but not least, its compatibility with multiple different popular software for presentation makes it a great presenting peripheral companion.
