Experience new levels of productivity with the Adesso iMouse S20 2.4 GHz RF Wireless Ergo Mini Mouse. This 2.4 GHz Radio Frequency wireless mouse offers you 30 feet of wireless freedom and eliminates the contraints wired mices often cause. Its optical sensor tracking method lets you work on any surface with better speed and accuracy. In addition, the mouse includes three distinct levels of DPI resolution (500/ 1000/ 1500) for precise targeting (500 DPI), quick response (1000 DPI) or fast maneuvers (1500 DPI). Easily switch between these DPI resolutions with the DPI Switch button located on the top of mouse. All these features, along with its ergonomic design, provide great control, response and comfort with minimal handmovement.

■ **2.4 GHz Radio Frequency Wireless Technology**

With 2.4 GHz RF wireless technology you can enjoy working at any angle and at a distance of up to 30 feet.

■ **Ergonomic Design**

The iMouse S20 ergonomic design provides a comfortable grip and eliminates hand strain, while giving great cursor control.

■ **Adjustable DPI Switch**

Quickly and easily adjust DPI resolution (500/ 1000/ 1500) for a faster response with the convenient DPI Switch located at the top of your mouse.

■ **Battery-Saving**

Use the battery-saving on/off power switch on mouse base to extend battery life and reduce the need to change batteries.
■ **Internet Navigational Buttons**

Two Internet navigational buttons, back and forward, are conveniently located on the left side of mouse to provide you with Internet browser control with minimal hand movement.

2.4 GHz RF Wireless Technology	Ergonomic Design	Adjustable DPI Switch	Battery Saving

Specifications:

Tracking Method	Optical Sensor
Interface	2.4 GHz Radio Frequency Wireless Technology
Range	Up to 30ft (10m)
