

Designed for applications where space might be limited and for those who prefer to take a keyboard on the road, this mini keyboard features 87 keys, one-button control for Internet access, Email retrieval and CD/AV files.

■ Multimedia, Internet, & Power Management Hotkeys

The enclosed hotkeys allow users to connect directly to their favorite Internet or multimedia programs. With a single touch, users can surf the Web, navigate music and video clips, manage their computer's power and start many frequently used programs.

■ Space Saving

This mini size keyboard is less than 12" wide and is an impressive space saver for desktops in homes or offices. It is ideal for use in POS, kiosks, warehouses and manufacturing environments or for any small working area.

■ Membrane Keys Offer Fast Typing and Long Lifecycle

The membrane keys offer you fast typing and a lifecycle of more than give million keystrokes.
