

Tru-Form™ Pro Keyboard

www.adesso.com

Introducing the new and improved Tru-Form™ Pro Keyboard by Adesso. The new Tru-Form™ Pro Keyboard is contoured and has a split key design for added ergonomic comfort and it includes a built-in touchpad that acts as your mouse. It is Windows Vista compatible and comes with an advanced Glidepoint Touchpad driver for horizontal and vertical scrolling. The touchpad also includes Left and Right mouse buttons providing full cursor features and a built-in wrist support for added comfort. The Adesso Tru-Form™ Pro also includes Multimedia and Windows hotkeys so you can instantly access your multimedia tools and popular Windows applications.

■ Ergonomic Design

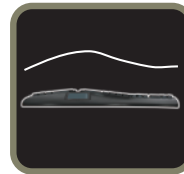

Split, gently sloped shape encourages a natural hand, wrist, and forearm position for maximum comfort. Additional features include a built-in wrist support and a split spacebar. Split-key and 3D design conforms to your natural arm and hand positions, reducing tension in shoulders, arms and wrists.

■ Built-In Touchpad

The Tru-Form™ Pro Keyboard built-in touchpad eliminates the need for a mouse and saves valuable desk space. The Glidepoint® Touchpad puts computer control at your fingertips. Navigate, scroll, zoom, access files and enter data all with just a light touch of the finger.

■ Multimedia & Windows® Hotkeys

The built-in hotkeys allow users to connect directly to their media player and popular Windows® applications. With a single touch users can surf the Web, navigate music and video clips, and start many frequently used Windows® programs.
