Aluminum Bluetooth® Keyboard with Portable Bluetooth 3.0 Wireless Speaker

Simply designed for convenience and utility, the aluminum Bluetooth keyboard combined with a cover that converts into a stand holds many different sized tablets such as the iPad®, Galaxy®, Surface® and many more. Turn your tablet into a mobile workstation wherever you are. The slim case magnetically secures and protects the tablet and keyboard when traveling. The low profile scissor-switch keys provide a tactile response for faster typing. At only 6mm thick, the lightweight yet sturdy aluminum keyboard works equally well on the road or in your home office.

■ Universal Case Stand

This keyboard case can be converted to an universal stand and fits to any different sizes of tablet device.

■ Bluetooth® 3.0 Wireless Technology

Bluetooth® 3.0 wireless technology offers 30 feet of wireless freedom, plus lower battery consumption, higher security encryption than Bluetooth® 2.0.

■ Ultra-Slim and Aluminum Design

This ultra-slim 1/4" (6mm) thickness keyboard offers ultra-slim scissor-switch keys, a durable aluminum base and a compact size for easy portability.

■ Scissor-Switch Keys

This keyboard is designed using low profile scissor-switch keys that provide great feel as laptop with quieter typing experience and faster tactile response.

■ Built-in Polymer Rechargeable Battery

The built-in polymer rechargeable battery can be recharged via the computer's USB port or USB power adaptor and lasts up to 100 hours of continuous use.

■ Double Bass Subwoofer with (L/R) HI-FI

Features subwoofer technology dedicated to the reproduction of low - pitched audio frequencies with (L/R) Left and Right speakers for high quality stereo sound.
