Bluetooth® SlimTouch Mini Keyboard for Mac®

The Adesso Bluetooth® SlimTouch Mini Keyboard for Mac® comes fully equipped with a built-in touchpad that provides precision and control in a very compact size. The Bluetooth® wireless technology makes "pairing" with your Mac® quick and simple, it also offers you the freedom to work wire-free for up to 30 feet. This keyboard is designed using low profile scissor-switch keys for great portability and fast tactical response. The keyboard also provides smart power management, with its automatic sleep mode and power switch you can extend your battery life for longer use. The touchpad provides sensitive cursor control, providing you with more productivity and eliminating the need for a mouse.

■ Bluetooth® Wireless Technology

This Bluetooth® keyboard fits perfectly with your Mac® devices and it allows users to work freely with no space constraints, offering 30 feet of wireless freedom.

■ Built-In Touchpad

The integrated touchpad eliminates the need for a mouse and saves valuable desk space. The Glidepoint® Touchpad puts touch cursor control at your fingertips and its central positioned offers ultimate comfort and convenience.

■ Power Saving and Easy Connect Button

The Power ON/OFF Switch allows users to turn keyboard power off when keyboard is not in use, saving and extending battery life. The Connect button quickly makes keyboard's Bluetooth® signal available for simple pairing to your Mac®.

■ Slim, Quiet and Fast Scissor-Switch Keys

The scissor-switch keys offer a longer product life with a lifecycle of more than 5 million keystrokes. The slim scissor-switch keys are designed to offer a quieter typing experience and faster key response.
