

Wireless SlimTouch Mini Keyboard

www.adesso.com

The Adesso Wireless SlimTouch Mini Keyboard is the perfect keyboard solution for tight spaces; living rooms, kiosks/stations, conference rooms and workgroup project environments because it is wireless, light weight, and portable. This keyboard features 2.4 GHz RF connectivity, an ultra-slim and stylish design and an integrated touchpad, eliminating the need for a mouse. This keyboard also includes power management features, such as Sleep Mode and Power On/Off Switch, which allows users to switch their power off while away from their desk, saving battery life for extended use. This unique keyboard design fits beautifully with desktop PC systems, flat LCD monitors and tablet PC's in modern office environments. It's small, compact size is also extremely mobile, easily fitting in a briefcase or backpack. When on the road, the USB mini-receiver plugs directly into a notebook or another PC providing connectivity up to 30 feet away.

■ 2.4 Ghz RF Wireless Technology

Work freely, with no limits of space, angles or distance. With 65,000 IDs on 12 channels you can enjoy up to 30 feet of wireless freedom.

■ Built-In Touchpad

The integrated touchpad eliminates the need for a mouse and saves valuable desk space. The Glidepoint Touchpad puts cursor control at your fingertips and its central positioned offers ultimate comfort and convenience.

■ Power Saving Switch and Easy Connect Button

The Power ON/OFF Switch allows users to turn keyboard power off when keyboard is not in use, saving and extending battery life. The Connect button quickly makes keyboard's 2.4 Ghz RF signal available for simple pairing to receiver.

■ Slim, Quiet and Fast Scissor-Switch Keys

The slim scissor-switch keys are designed to offer a quieter typing experience and faster key response. The slim key design makes keyboard slimmer and more light weight for easy travel.
