

# WKB-4040UB

## Wireless Illuminated Keyboard with Built-In Touchpad

www.adesso.com

### ■ 2.4 GHz Wireless Technology

The 2.4GHz Wireless Technology has 65536 IDs with 12 channels and works up to 30 feet. This provides the reliability to ensure your other wireless devices will not interfere with your keyboard.

### ■ Multi-Device Compatibility

WKB-4040UB is compatible with different devices such as smart TVs, Android boxes, desktop PCs, notebooks, and gaming consoles, making it ever so versatile.

### ■ Large Built-in Multi-Gesture Touchpad

The built-in touchpad uses Cirque®'s Glidepoint® Gen 4 technology. This touchpad supports multi-finger gesture without the need of installing any drivers. The larger size of the touchpad also provides users more comfort by eliminating the need of a mouse.

### ■ Metal Dome Switch

The metal dome switch provides users with consistent and tactile typing experience and makes the keyboard very lightweight. Its ruggedness also provides reliability in different environments.

### ■ Ultra-Slim

The keyboard's lightweight, slim and compact design makes it truly portable. Whether you are sitting on the couch and typing away or you are on the go getting to places, the WKB-4040UB is truly a great peripheral companion.
