

The AUH-5020 Adapter converts your USB-C port into dual 4K/60Hz HDMI connection to achieve fast and high quality video transmission as well as audio transfer. Connect device with USB Type C (tunderbolt 3) port to two external monitors with 4K/60Hz HDMI output; You can enjoy movies,games with your families on external ultra HD big screen; Windows OS supports both SST and MST mode, Attention: For Mac OS, it only does Mirror Mode, Can't extend two different Screen, due to Mac OS

■ Dual 4K/60Hz Resolution

This USB C to HDMI adapter resolution up to 4K . Single or Dual monitor with HDMI at 3840x2160@60Hz; Dual monitor HDMI adapter also support 2K and 1080p at 60Hz offered by the DisplayPort MST technology; (Important: ONLY when your devices support 4K resolution)

■ Audio Transfer

Output audio through a single cable using HDMI's audio passthrough capabilities. Please connect the monitor (HDMI port) first, then the laptop (usb c port), You may need to change the settings of "the default audio output device" on system preferences to deliver sound.

■ Plug & Play

USB C HDMI Adapter offers an easy setup by natively working on device that supports DP Alt Mode over USB Type-C, plug and play, No need any driver. Dual-monitor splitter is powered by the USB C port, means no external power cords are necessary.Driver free for Windows 8/10/11, Mac OS 10.9 and later, Chrome OS, and Linux OS.
