

NuScan 500 5-Megapixel Visual Presenter

The Adesso NuScan 500 5-Megapixel Visual Presenter is the ideal tool for presentations, image capturing and video recording. With this visual presenter and your computer, you can capture real-time images of 3D objects (up to 8.3 x 11.7 x 15" in size), magazines, books, documents, pictures and business cards and present through a monitor or projector. The unique down-facing lens makes repetitive image capturing, demonstrations, tutorials and lectures comfortable and simple. Along with these great features, use the included Adesso Image Center software with your NuScan 500 to take snapshots or record videos of just about anything, easily edit both images and videos with the advanced editing tools, plus enjoy the convenience of sharing files directly from software. Adesso Image Center software also accompanies your NuScan 500 and scans your captured documents and extracts text, making it easy to share information in other applications without retyping. The NuScan 500 combines all the great features of today's most popular image capturing devices into one powerful product.
