Simply designed for convenience and utility, the aluminum Bluetooth keyboard combined with a cover that converts into a stand holding the Surface Pro versions. Turn your mobile device into a mobile workstation wherever you are. The slim case magnetically secures and protects the tablet and keyboard when traveling. The low profile scissor-switch keys provide a tactile response for faster typing. At only 6mm thick, the lightweight yet sturdy aluminum keyboard works equally well on the road or in your home office.

■ Surface Pro case

This keyboard case can be converted to a stand and create a comfortable environment at any location

■ Bluetooth 5.0 Wireless Technology

Bluetooth® 5.0 wireless technology offers 30 feet of wireless freedom, plus lower battery consumption, higher security encryption, and faster transmission

■ Ultra-Slim and Aluminum Design

This ultra-slim 1/4" (6mm) thickness keyboard offers ultra-slim scissor-switch keys, a durable aluminum base and a compact size for easy portability.

■ Scissor-Switch Keys

This keyboard is designed using low profile scissor-switch keys that provide great feel as laptop with quieter typing experience and faster tactile response.

■ Built-in Polymer Rechargeable Battery

With this wireless keyboard you will never have to buy batteries again due to it's built-in polymer rechargeable battery which is able to be recharged via computer USB port or USB power adaptor.
