

EasyTouch 7300FB™

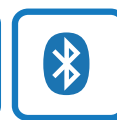

Bluetooth Scissor-switch Keyboard with Fingerprint Reader

Built-in
Fingerprint

Windows Hello

Bluetooth
5.3 Technology

Scissor
Switch

■ Built-in Fingerprint Reader

logging into your device is a snap, with one simple tap. No more wasted time. Store your passwords in one place with Microsoft Passport and use your finger tip to perform actions, like purchasing an app from the Windows Store, all thanks to the convenience and security of Windows Hello.

■ Windows Hello Compatible

The Easytouch 7300FB has fingerprint recognition capabilities to allow for secure and fast access to your devices. Gain quick access through Windows Hello by scanning your fingerprint through a stored database.

■ Bluetooth 5.2 Wireless Technology

The Bluetooth 5.2 wireless technology offers 30 feet of wireless freedom, plus lower battery consumption, higher security encryption, and faster transmission.

■ Scissor Switches

Scissor switches provide a responsive and comfortable typing experience with low-profile keys. This mechanism uses a scissor-like structure beneath each key, ensuring quiet, stable key presses and quicker actuation.

Keyboard Specifications:

Key Layout	104-Key US Layout
