

Xtream P9T-TAA

USB-C & USB-A Headset with In-Line Push-to-Talk Controls

Introducing the Adesso Xtream P9T-TAA—your ultimate communication companion. This headset seamlessly combines professional audio clarity with intuitive call management, featuring a built-in microphone enhanced with push-to-talk functionality for crystal-clear conversations in any environment. In-line volume controls let you adjust audio levels effortlessly, so you can stay focused on your tasks without missing a beat.

COMFORT FIT

ALL-DAY COMFORT FIT

Soft, padded over-ear earcups and an adjustable, lightweight headband deliver ergonomic support for all-day wear, reducing ear fatigue during long meetings, calls, or study sessions. The flexible design ensures a secure, personalized fit for any head size.

ADJUSTABLE MICROPHONE

ADJUSTABLE MICROPHONE BOOM

The flexible, rotatable boom arm lets you precisely position the omnidirectional microphone close to your mouth, optimizing voice pickup while minimizing background distractions. It easily adjusts for left/right use and stays in place once set.

PUSH TO TALK BUTTON

PUSH-TO-TALK CONTROLS

The dedicated Push-to-Talk button lets you communicate with precision: press and hold to activate the microphone for instant voice transmission, then release to automatically mute the mic. This intuitive design minimizes background noise, ensuring clear, focused conversations ideal for team collaboration and professional call environments.

DUAL INTERFACE

DUAL INTERFACE: USB-A + USB-C

The included 2-in-1 USB-A/USB-C connector adapter enables plug-and-play connectivity to nearly any device—laptops, desktops, tablets, and modern smartphones—eliminating the need for extra cables or adapters.

MULTI-DEVICE COMPATIBLE

WIDE OS COMPATIBILITY

Engineered to work natively with Windows, macOS, iOS, Android, and Chrome OSTM, the headset requires no drivers or software installation, ensuring immediate, reliable performance across your entire device ecosystem.
