iMouse M80

Wireless Desktop Mouse

Experience new levels of productivity with the Adesso iMouse M80 2.4GHz Wireless Mouse. Its optical sensor tracking method lets you work on any surface with better speed and accuracy. The 3 button mouse is designed with an enhanced optical sensor of 1200 DPI which provides better speed and accuracy. With a 2.4GHz connection, no wires or cords will be tangled and you have a 30 ft range in any direction.

■ 2.4 GHz RF Wireless Technology

This 2.4GHz wireless mini mouse fits perfectly with your computer and allows you to work freely with no space constraints of wires, offering 30 feet (10m) of wireless freedom.

■ Optical Sensor

Optical sensor technology improves precision and even lets you work on most glass, marble, wood and leather surfaces without the need of a mouse pad. With an optical resolution of 1200 DPI, you can browse comfortably basically on any surface.

■ Metal Scroll Wheel

Navigate quickly and easily with the convenient scroll wheel.
